This Year's Theme

What is a healthy local church? Is it where people flock in by the hundreds or where there is exuberant music, a beautiful building or well organised ministries and outreach? Our churches may be large, well-established or lively but are they healthy? The key to spiritual power in our nation is healthy churches. Our two speakers have a passion for healthy churches. Let us all be challenged at this year's EP/APC conference knowing that this is also our Lord's own passion because "Christ loved the church and gave himself for her" (Ephesians 5:25).
